Article 6. - Share Capital, Funds, Classes of Shares

6.1 The share capital of the Company shall be represented by fully paid up Shares of no par value and shall at any time be equal to the total net assets of the Company calculated pursuant to Article 12 hereof. The share capital of the Company shall thus vary ipso iure, without any amendment to these Articles of Incorporation and without compliance with measures regarding publication and entry into the RCS. The minimum capital shall be as provided by the 2010 Law (i.e. one million two hundred and fifty thousand Euro (EUR 1,250,000.-). Such minimum capital must be reached within a period of six (6) months after the date of authorisation as a collective investment undertaking under the 2010 Law.

6.2 The initial issued share capital of the Company is forty-six thousand United States Dollars (46.000,- USD) divided into four thousand six hundred (4.600) Shares of no par value.

6.3 The Board of Directors shall establish a portfolio of assets constituting a Fund referred to as a "sub-fund" within the meaning of Article 181 of the 2010 Law for each Class of Shares or for two or more Classes of Shares in the manner described in Article 12.4 III hereof. Each portfolio of assets shall be invested for the exclusive benefit of the relevant Fund and each portfolio shall only be responsible for the obligations attributable to the relevant Fund.

6.4 The Shares of a Fund to be issued pursuant to Articles 7 and 8 hereof may, as the Board of Directors shall determine, be of different Classes. The proceeds of the issue of each Share shall be invested in transferable securities of any kind and any other assets permitted by the 2010 Law and Luxembourg regulations pursuant to the investment policy determined by the Board of Directors for a Fund established in respect of the relevant Shares, subject to the investment restrictions provided by the 2010 Law and Luxembourg regulations or determined by the Board of Directors. The Board of Directors may, in the future, offer new Classes of Shares without approval of the Shareholders. Such new Classes of Shares may be

issued on terms and conditions that differ from the existing Classes of Shares, including, without limitation, the amount of the management fee, if any, attributable to those Shares. In such a case, the Prospectus shall be updated accordingly. The Board of Directors may, at its discretion, decide to change the characteristics of any Class of Shares as described under Article 26.

Article 7. - Form of shares

7.1 All Shares are in registered form (actions nominatives), fully subscribed and entirely paid up.

7.2 A register of Shareholders will be kept at the Company's registered office or at such other address as may be set by the Company from time to time, where it will be available for inspection by any Shareholder. Such register shall set forth the name of each Shareholder, his/her/its residence or elected domicile, the number of Shares held by him/her/it, the amounts paid in on each Share, the transfer/subscription of Shares and the dates of such transfer/subscription as well as any security rights granted on the Shares from time to time. Each Shareholder will notify his/her/its address and any change thereof to the Company by registered mail. The Company may rely on the last address received from a Shareholder.

The inscription of the Shareholder's name in the register of Shareholders evidences his right of ownership on such registered Shares. The Company shall decide whether a certificate for such inscription shall be delivered to the Shareholder or whether the Shareholder shall receive a written confirmation of his shareholding.

Where a Share certificate is delivered to the Shareholder, the Share certificate shall be signed by two Directors. Such signatures shall be either manual, or printed, or in facsimile. The certificates will remain valid even if the list of authorised signatures of the Company is modified. However, one of such signatures may be made by a person duly authorised thereto by the Board of Directors; in the latter case, it shall be manual. The Company may issue temporary Share certificates in such form as the Board of Directors may determine.

7.3 Shareholders entitled to receive registered Shares shall provide the Company with an address to which all notices and announcements may be sent. Such address will also be entered into the register of Shareholders.

A Shareholder may, at any time, change his address as entered into the register of Shareholders by means of a written notification to the Company at its registered office, or at such other address as may be set by the Company from time to time.

7.4 If any Shareholder can prove to the satisfaction of the Company that his Share certificate has been mislaid, mutilated or destroyed, then, at his request, a duplicate Share certificate may be issued under such conditions and guarantees, including but not restricted to a bond issued by

an insurance company, as the Company may determine. At the issuance of the new Share certificate, on which it shall be recorded that it is a duplicate, the original Share certificate in replacement of which the new one has been issued shall become void. Mutilated Share certificates may be cancelled by the Company and replaced by new certificates. The Company may, at its election, charge to the Shareholder the costs of a duplicate or of a new Share certificate and all reasonable expenses incurred by the Company in connection with the issue and registration thereof or in connection with the annulment of the original Share certificate.

7.5 The Company recognises only one single owner per Share. If one or more Shares are jointly owned or if the ownership of such Share(s) is disputed, all persons claiming a right to such Share(s) have to appoint one single attorney to represent such Share(s) towards the Company. The failure to appoint such attorney implies a suspension of all rights attached to such Share(s).

7.6 The Company may decide to issue fractional Shares. Such fractional Shares shall not be entitled to vote, unless the number is so that they represent an entire Share in which case they confer a voting right, but shall be entitled to participate in the net assets attributable to the relevant Class of Shares on a pro rata basis.

Article 8. - Issue of Shares

8.1 Subject to the provisions of the 2010 Law, the Board of Directors is authorised without limitation to issue an unlimited number of fully paid up Shares at any time without reserving to the existing Shareholders a preferential right to subscribe for the Shares to be issued.

8.2 The Board of Directors may impose restrictions on the frequency at which Shares shall be issued in any Fund. The Board of Directors may, in particular, decide that Shares of any Fund shall only be issued during one or more offering periods or at such other periodicity as provided for in the Prospectus. The Directors may determine, in their sole and absolute discretion, taking into account the best interests of investors, that subscriptions (whether in respect of a Fund or a particular Class) received during any relevant offering period are insufficient and, in such event, the amount paid on application will be returned (without interest) as soon as practicable in the relevant currency at the risk and cost of the applicant.

8.3 Furthermore, the Board of Directors may impose restrictions in relation to the minimum amount of the aggregate Net Asset Value of Shares to be initially subscribed, the minimum amount of any additional investments and the minimum of any holding of Shares.

8.4 Whenever the Company offers Shares for subscription, the price per Share at which such Shares are offered after the initial offer period as described in the Prospectus shall be the Net Asset Value per Share of the relevant Class as determined in compliance with Article 12 hereof as of such Valuation Point as may be determined in accordance with such policy as the Board of Directors may from time to time determine. Unless otherwise provided for in the Prospectus, such price may be increased by a percentage estimate of costs and expenses to be incurred by the Company when investing the proceeds of the issue and by applicable sales commissions, as approved from time to time by the Board of Directors.

8.5 The issue price per Share so determined shall be payable within a period as determined by the Board of Directors and disclosed in the Prospectus.

8.6 Where an applicant for Shares fails to pay settlement monies on subscription or to provide a completed application form for an initial application by the due date, the Board of Directors may cancel the allotment or, if applicable, redeem the Shares. If requested by a Shareholder, such redemption proceeds may be paid in currencies other than the designated currency of the relevant Share Class as determined by the distributor, acting in its discretion, from time to time. In either case, the applicant may be required to indemnify the Company against any and all losses, costs or expenses incurred (as conclusively determined by the Board of Directors in its discretion) directly or indirectly as a result of the applicant's failure to make timely settlement. In computing such loss, account shall be taken, where appropriate, of any movement in the price of the Shares concerned between allotment and cancellation or redemption and the costs incurred by the Company in taking proceedings against the applicant.

8.7 If the applicant fails to make timely settlement in respect of the allotment of a Share or Shares, the entity which shall have been appointed from time to time to act as distributor of the Shares of the Company may at its discretion take such steps as it sees fit to avoid, mitigate or make good any losses, costs or expenses incurred by the Company as mentioned above including making payment of the due amount to the Company on the due date and shall be entitled to recover all costs and expenses (including interest) incurred directly or indirectly by the Company in seeking to recover such due debt and which is payable on demand.

8.8 No request for conversion or redemption of a Share shall be effective unless the price for such Share has been paid and any confirmation delivered in accordance with this Article.

8.9 The Board of Directors may delegate to any director, manager, officer or other duly authorised agent the power to accept subscriptions, to receive payment of the price of Shares to be issued and to deliver them. The Board of Directors may reject subscription requests in whole or in part at its full discretion.

8.10 The Company may agree to issue Shares as consideration for a contribution in kind of securities, in compliance with the conditions set forth by Luxembourg law, in particular the obligation, if applicable, to deliver a valuation report from the independent auditor of the Company ("réviseur d'entreprises indépendant"). The securities to be delivered by way of a contribution in kind must correspond to the investment policy and restrictions of the Fund to which they are contributed. Any costs incurred in connection with a contribution in kind of securities shall be borne by the relevant shareholders.

8.11 The Company may issue Shares within the framework of regular savings plans.

Article 9. – Redemption of Shares

9.1 Under the terms and procedures set forth by the Board of Directors in the Prospectus, and within the limits provided by law and these Articles of Incorporation, any Shareholder may request the redemption of all or part of his Shares in the Company.

9.2 Subject to the provisions of Article 13 hereof, the redemption price per Share shall be paid within such period as may be determined by the Board of Directors in its discretion from time to time but which shall not, in any event, exceed ten (10) Business Days from the relevant Dealing Request Deadline which next follows receipt of such redemption request, provided that the Share certificates (if any) and such instruments for redemption as may be required by the Board of Directors have been received, and are in a form which is satisfactory to the Company. The payment proceeds of any redemption effected in relation to a prior subscription may be delayed for more than ten (10) Business Days to assure that the funds tendered for such subscription have cleared.

9.3 The redemption price shall be equal to the Net Asset Value per Share of the relevant Class, as determined in accordance with the provisions of Article 13 hereof, less such charges and commissions (if any) at the rate provided for in the Prospectus. Unless otherwise provided for in the Prospectus, such price may be decreased by a percentage estimate of costs and expenses to be incurred by the Company when disposing of assets in order to pay the redemption proceeds to redeeming Shareholders. Furthermore, the redemption price may be rounded up or down to no less than two (2) decimal places or such number of decimal places as the Board of Directors shall determine in its discretion.

9.4 If as a result of any request for redemption, the number or the aggregate Net Asset Value of the Shares held by any Shareholder would fall below the minimum subscription amount as set out in the Prospectus or such Net Asset Value as determined by the Board of Directors in its discretion from time to time, then the Company may decide that this request be treated as a request for redemption for the full balance of such Shareholder's holding of Shares.

9.5 The Board of Directors may decide to make compulsory the redemption of all the Shares held by a Shareholder, if the aggregate Net Asset Value of Shares held by such Shareholder falls below such value as determined by the Board of Directors in its discretion. The Shares may be redeemed compulsorily in accordance with Article 11 herein.

9.6 If on any given date, redemption requests pursuant to Article 9 hereof and conversion requests pursuant to Article 10 hereof, exceed a certain level determined by the Board of Directors (in its discretion) in relation to the number of Shares in issue of in a specific Fund or Class, the Board of Directors may decide that part or all of such requests for redemption or conversion will be deferred for a period and in a manner that the Board of Directors considers to be in the best interests of the Company. On the next Valuation Point, these redemption and conversion requests will be met in priority to later requests if necessary on a pro-rata basis among involved Shareholders. On the next Valuation Point following that period, these redemption and conversion requests will be met in priority to later requests.

9.7 The Company shall have the right, if the Board of Directors so determines, at the request or with the express consent of the relevant Shareholder, to satisfy payment of the redemption price to any Shareholder in kind by allocating to the Shareholder investments from the portfolio of assets in such Class or Classes of Shares equal in value (as calculated in the manner described in Article 12) as of the Valuation Point on which the redemption price is determined to the value of the Shares to be redeemed.

The nature and type of assets to be transferred in such case shall be determined on a fair and reasonable basis and without prejudicing the interests of the other Shareholders of the Class or Classes of Shares and the valuation used shall be confirmed by a special report of the auditor of the Company to the extent required by Luxembourg law. The costs of any such transfers shall be borne by the Shareholder requesting the redemption in kind or by such other third party as agreed by the Board of Directors in its sole and absolute determination.

9.8 All redeemed Shares shall be cancelled. The Company has the power to redeem its own Shares at any time within the limitations of applicable law.

Article 10. - Switching of Shares

10.1 Unless otherwise determined by the Board of Directors for certain Classes of Shares or Funds, any Shareholder is entitled to request a switch of whole or part of his Shares in one Fund into Shares of another Fund or in one Share Class into another Share Class of the same Fund, provided that the Board of Directors may: (i) at its absolute discretion reject any request for the switching of Shares in whole or in part; (ii) set restrictions, terms and conditions as to the right to and frequency of switches between certain Funds and Share Classes; (iii) subject to the payment of such charges and commissions as the Board of Directors shall determine (unless otherwise provided for in the Prospectus).

10.2 The price for the switching of Shares shall be computed by reference to the respective Net Asset Values per Share of the two Funds or the two Share Classes concerned, determined as of the same Valuation Point.

10.3 If as a result of any request for a switch, the number or the aggregate Net Asset Value of the Shares held by any Shareholder in any Fund or Class of Shares would fall below such minimum number or value as determined by the Board of Directors, then the Company may decide that this request be treated as a request for a switch for the full balance of such Shareholder's holding of Shares in such Class or Fund.

10.4 The Shares which have been switched into Shares of another Fund or of another Share Class within the same Fund shall be cancelled.

Article 11. – Transfers and Restrictions on Ownership of Shares

11.1 The Shares are, as a rule, freely transferable in accordance with the provisions of the law and the Prospectus. When a Shareholder has outstanding obligations vis-à-vis the Company, by virtue of its subscription agreement or otherwise, Shares held by such Shareholder may only be transferred, pledged or assigned with the written consent from the Board of Directors, which consent shall not be unreasonably withheld in accordance with the provisions of the Prospectus.

Any transfer of registered Shares shall become effective towards the Company and third parties: (i) through the recording of a declaration of transfer into the register of Shares, signed and dated by the transferor and the transferee or their representatives; and (ii) upon notification of the transfer to, or upon the acceptance of the transfer by, the Company.

11.2 The Company may restrict or prevent the direct or indirect ownership of Shares in the Company by any natural person, or legal entity, if in the opinion of the Company such holding may be detrimental to the Company, the investment manager, the management company (if any) and

the Shareholders, if it may result in a breach of any law or regulation, whether Luxembourg or foreign, or if as a result thereof the Company may become subject to laws other than those of the Grand-Duchy of Luxembourg (including but without limitation tax laws and any securities or investment or similar laws or governmental regulation of any country or territory which require registration of the Company), or if as a result thereof the Company may become exposed to tax disadvantages or other financial disadvantages that it would not have otherwise incurred (such individual, firm, corporate body, partnership or other entity to be determined by the Board of directors being herein referred to as "Ineligible Investor"). Specifically, but without limitation, the Company may restrict the ownership of Shares in the Company by any U.S. Person.

11.3 For such purposes the Company may:

11.3.1 decline to issue any Shares and decline to register any transfer of Shares where it appears to it that such registration or transfer would or might result in the legal or beneficial ownership of such Shares by an Ineligible Investor; and

11.3.2 at any time require any person whose name is entered in or any person seeking to register the transfer of Shares on the register of Shareholders, to furnish it with any information, supported by affidavit, which it may consider necessary for the purpose of determining whether or not beneficial ownership of such Shareholder's Shares rests in any Ineligible Investor, or whether such entry in the register will result in the beneficial ownership of such Shares by any Ineligible Investor; and

11.3.3 decline to accept the vote of any Ineligible Investor at any meeting of Shareholders of the Company.

11.4 Where it appears to the Company that: (i) any Ineligible Investor either alone or in conjunction with any other person is a beneficial owner of Shares; or that (ii) the aggregate Net Asset Value of Shares or the number of Shares held by a Shareholder falls below such value or number of Shares respectively as determined by the Board of Directors of the Company, or (iii) where in exceptional circumstances the Board of Directors determines that a compulsory redemption is in the interest of the other Shareholders, the Company may compulsorily redeem or cause to be redeemed from any such Shareholder all Shares held by such Shareholder in the following manner:

11.4.1 The Company shall serve a notice (the "purchase notice") upon the Shareholder holding such Shares or appearing in the register of Shareholders as the owner of the Shares to be purchased, specifying the Shares to be purchased, the manner in which the purchase price will be calculated and the name of the purchaser;

11.4.2 Any such notice may be served upon such Shareholder by posting the same in a prepaid registered envelope addressed to such Shareholder at his last address known to or appearing in the books of the Company. The said Shareholder shall thereupon forthwith be obliged to deliver to the Company the Share certificate or certificates (if any) representing the Shares specified in the purchase notice;

11.4.3 Immediately after the close of business on the date specified in the purchase notice, such Shareholder shall cease to be the owner of the Shares specified in such notice and his name shall be removed from the register of Shareholders;

11.4.4 The price at which each such Share is to be purchased (the "purchase price") shall be an amount based on the Net Asset Value per Share of the relevant Class as of the Valuation Point next succeeding the date of the purchase notice or next succeeding the surrender of the Share certificate or certificates (if any) representing the Shares specified in such notice, all as determined by the Board of Directors, less any service charge provided therein.

11.4.5 Payment of the purchase price will be made available to the former owner of such Shares normally in the currency set by the Board of Directors for the payment of the redemption price of the Shares of the relevant Class and will be: (i) deposited for payment to such owner by the Company with a bank in Luxembourg or elsewhere; or (ii) paid by a cheque sent to the last known address on the Company's books (as specified in the purchase notice) upon final determination of the purchase price following surrender of the Share certificate or certificates (if any) specified in such notice and unmatured dividend coupons attached thereto;

11.4.6 Upon service of the purchase notice as aforesaid, such former owner shall have no further interest in such Shares or any of them, nor any claim against the Company or its assets in respect thereof, except the right to receive the purchase price (without interest) from such bank following effective surrender of the Share certificate or certificates (if any) as aforesaid. Any funds receivable by a Shareholder under this paragraph, but not collected within a period of five (5) years from the date specified in the purchase notice, may not thereafter be claimed and shall revert to the Fund relating to the relevant Class or Classes of Shares. The Board of Directors shall have power from time to time to take all steps necessary to perfect such reversion and to authorise such action on behalf of the Company;

11.4.7 The exercise by the Company of the power conferred by Article 11 hereof shall not be questioned or invalidated in any case, on the grounds that there was insufficient evidence of ownership of Shares by any person or that the true ownership of any Shares was otherwise than appeared to the Company at the date of any purchase notice, provided in such case the said powers were exercised by the Company in good faith.

11.5 The Company reserves the right to require the Ineligible Investor to indemnify the Company against any losses, costs or expenses arising as a result of any compulsory redemption of Shares due to the Shares being held by, or for the benefit of, such Ineligible Investor. The Company may pay such losses, costs or expenses out of the proceeds of any compulsory redemption and/or redeem all or part of the Ineligible Investor's Shares in order to pay for such losses, costs or expenses.

Article 12. - Calculation of Net Asset Value per Share

12.1 The Net Asset Value per Share of each Share Class within each Fund shall be determined by the administrator under the supervision of the Directors and the management company, in accordance with the requirements of these Articles of Incorporation. The Net Asset Value per Share of each Share Class within each Fund will be expressed in the reference currency of each Share Class, to the nearest four (4) decimal places, and shall be determined for each Fund as of the relevant Valuation Day by dividing (i) the Net Asset Value of the Fund attributable to that Share Class (being the total assets of the Fund attributable to that Share Class less the total liabilities of the Fund attributable to that Share Class) by (ii) the total

number of Shares of that Share Class of the Fund outstanding, in accordance with the valuation rules set forth below. Shares of each Share Class in the Fund may perform differently, and each Fund (and Share Class if appropriate) will bear its own fees and expenses (to the extent specifically attributable to the Fund (or Share Class)).

12.2 For a Share Class which is expressed in a currency other than the reference currency of the relevant Fund, the Net Asset Value per Share of that Share Class shall be the Net Asset Value per Share of the Share Class of that Fund calculated in the reference currency of the Fund and converted into the reference currency of the Share Class at the currency exchange rate (at the relevant Valuation Point) between the Fund reference currency and Share Class reference currency.

12.3 In the event that a Fund hedges the foreign currency exposure of any of its Shares Classes expressed in a currency other than the reference currency of the relevant Fund (or any other types of exposure in accordance with the terms of the relevant Share Class), the costs and any benefit of such hedging will in each case be allocated solely to the relevant Class of Shares to which the hedging relates.

12.4 The valuation of the Net Asset Value of each Fund shall be made in the following manner:

I. The assets of the Company shall include:

- 1) all cash on hand or on deposit, including any interest accrued thereon;
- 2) all bills and demand notes payable and accounts receivable (including proceeds of securities sold but not delivered);
- 3) all bonds, time notes, shares, stock, debenture stocks, subscription rights, warrants, options and other debt instruments, investments and securities owned or contracted for by the Company;
- 4) all stock dividends, cash dividends and cash distributions receivable by the Company to the extent information thereon is reasonably available to the Company;
- 5) all interest accrued on any interest-bearing securities owned by the Company except to the extent that the same is included or reflected in the principal amount of such securities;
- 6) the primary expenses of the Company insofar as the same have not been written off; and
- 7) all other assets of any kind and nature including pre-paid expenses.

The valuation of assets of each Fund of the Company shall be calculated in the following manner:

(A) Units or shares in a collective investment scheme: (i) if a single price for buying and selling units is quoted, at the most recent such price; (ii) if separate buying or selling prices are quoted, at the average of the two prices provided the buying price has been reduced by any initial charge included therein and the selling price excludes any exit or redemption charge attributable thereto; or (iii) if in the opinion of the Directors, the price obtained is unreliable or no recent traded price is available or no recent price exists, at a value which, in the opinion of the Directors, is fair and reasonable.

(B) Exchange traded derivative contracts (i) if a single price for buying and selling the exchange-traded derivative contract is quoted, at that price; (ii) if separate buying or selling prices are quoted, at the average of the

two prices; or (iii) if in the opinion of the Directors, the price obtained is unreliable or no recent traded price is available or no price exists, at a value which in the opinion of the Directors is fair and reasonable.

(C) Over the counter ("OTC") derivatives shall be valued in accordance with the policies established by the Directors on a basis consistently applied for each different type of contract.

(D) Any other transferable security or money market instrument: (i) if a single price for buying and selling the security is quoted, at that price; (ii) if separate buying or selling prices are quoted, at the average of the two prices; or (iii) if in the opinion of the Directors, the price obtained is unreliable or no recent traded price is available or if no price exists, at a value which, in the opinion of the Directors, is fair and reasonable.

(E) Assets other than those described in (A), (B), (C) and (D) above: at a value which, in the opinion of the Directors, represents a fair and reasonable mid-market price.

(F) Cash and amounts held in current, deposit and margin accounts and in other time-related deposits shall normally be valued at their nominal values.

To the extent that the Board of Directors considers that it is in the best interests of the Company, given the prevailing market conditions and the level of subscriptions or redemptions requested by Shareholders in relation to the size of any Fund, an adjustment, as determined by the Board of Directors at its discretion, may be reflected in the Net Asset Value of the Fund for such sum as may represent the percentage estimate of costs and expenses which may be incurred by the relevant Fund under such conditions.

25.1 In the event that for any reason the value of the assets in any Fund or Class has decreased to an amount determined by the Board of Directors to be the minimum level for such Fund or Class to be operated in an economically efficient manner, or if a change in the economic, political or monetary situation relating to the Fund or Class concerned would have

material adverse consequences on the investments of that Fund or if the Board of Directors otherwise consider the closure of the Fund and/or the Class to be in the best interest of the Shareholders, the Board of Directors may decide to compulsorily redeem all the Shares of the relevant Class or Classes issued in such Fund or the relevant Class at the Net Asset Value per Share (taking into account actual realisation prices of investments and realisation expenses), determined as of the Valuation Point at which such decision shall take effect and therefore close the relevant Fund or Class. The Company shall give a written notice to the Shareholders of the relevant Class or Classes of Shares prior to the date on which the compulsory redemption is to become effective, which will indicate the reasons for, and the procedure of such redemption operations. Subject to the discretion of the Directors (acting in the best interests of the Shareholders) to determine otherwise, the Shareholders of the relevant Fund or Class will be entitled to request the redemption or switch of their Shares without the payment of any applicable redemption charge (but taking into account actual realisation prices of investments and realisation expenses) prior to the effective date of the compulsory redemption.

25.2 Notwithstanding the powers conferred to the Board of Directors as described in the previous paragraph, the general meeting of Shareholders of any Fund or Class within any Fund may, upon a proposal from the Board of Directors, decide the redemption of all the Shares of the relevant Class or Fund and the refund to the Shareholders the Net Asset Value of their Shares (taking into account actual realisation prices of investments and realisation expenses) determined as of the Valuation Point at which such decision shall take effect. There shall be no quorum requirements for such general meeting of Shareholders which shall decide by resolution taken by simple majority of those present or represented and voting.

25.3 Assets which may not be distributed to the relevant beneficiaries upon the implementation of the redemption will be deposited with the Custodian for the period required by Luxembourg law; after such period, the assets will be deposited with the “Caisse de Consignation” on behalf of the persons entitled thereto.

25.4 All redeemed Shares shall be cancelled.
